

**Cover Sheet for Example Documentation
for PHAB Domain 1 Standard 1 Measure 1**

The following documentation has been submitted to ASTHO for the Accreditation Library as a potential example of Health Department documentation that might meet the PHAB Standard and Measure 1.1.1A. This document is not intended to be a template, but is a reference as state health agencies develop and select accreditation documentation specific to the health department's activities.

Please note that the inclusion of documentation in this library does not indicate official approval or acceptance by PHAB.

Document Title:	Public Health Improvement Partnership Guiding Principles						
Document Date:	October, 2011						
Version of Standards and Measures Used: 1.0							
Related PHAB Standard and Measure Number							
Domain:	1	Standard:	1	Measure:	1	Required Documentation:	3
<p>Short description of how this document meets the Standard and Measure's requirements:</p> <p>The collaborative process to develop indicators is based on the Public Health Improvement Partnership (PHIP) guiding principles and involves the PHIP partner organizations; a page containing the PHIP guiding principles is attached as documentation. These are in current use. More information is available at http://www.doh.wa.gov/hip/partner/who.htm.</p>							
Submitting Agency:	Washington State Department of Health						

PUBLIC HEALTH IMPROVEMENT PARTNERSHIP

THE PARTNERSHIP

CURRENT INITIATIVES

WORKGROUP MEMBERS

RESOURCE CATALOG

The Partnership is directed by the legislature to guide and strengthen the governmental public health system in Washington State. To accomplish that, we are responsible to ensure that our actions support a public health system that is accountable, continuously measures and improves health outcomes, and reduces environmental and other health risks.

Guiding Principles

1. We represent governmental public health (local, tribal, state and federal)
2. Our vision is for a public health system that improves and protects the health of the people in Washington State
3. We know that health outcomes are improved through innovative strategies and evidence based public health interventions
4. We identify and respond to population-based health issues and trends
5. We value public health research to better inform our efforts
6. We acknowledge the importance of delivering results with the resources we have been given
7. We treat each other as valued colleagues and partners
