Logistics: User Testing and Feedback

User Testing Period: August 3 – September 16

Who: Knowledge of key populations and policies to increase LARC uptake in your state

Assessment Criteria:

- Ease of use (e.g., clarity, navigation, data entry and extraction)
- Availability of required inputs
- Usefulness of available outputs for decision-making
- Presentation of the tool and outputs

Feedback

- Written evaluation
- 1:1 State call (week beginning August 29)
