

Cover Sheet for Example Documentation

Please complete the following form and submit along with your documentation. If you have any questions, please email us at accreditation@astho.org.

The following documentation has been submitted to ASTHO for the Accreditation Library as a potential example of Health Department documentation that might meet the **PHAB Domain 1 Standard 2 Measure 2A.4**

This document is not intended to be a template, but is a reference as state health agencies develop and select accreditation documentation specific to the health department's activities.

Please note that the inclusion of documentation in this library does not indicate official approval or acceptance by PHAB.

Document Title:	Epi Online Reports						
Document Date:	5/2/2016						
Version of Standards and Measures Used: 1.5							
Related PHAB Standard and Measure Number							
Domain:	1	Standard:	2	Measure:	2	Required Documentation:	A4.1
Short description of how this document meets the Standard and Measure's requirements: The department documented its distribution of surveillance data outside the agency through online epi reports posted to the website on a weekly, monthly, and annual basis.							
Submitting Agency:	Utah Department of Health						
Staff Contact Name:	Nikki Campbell						
Staff Contact Position:	Health Educator						
Staff Contact Email:	ncampbell@utah.gov						
Staff Contact Phone:	(801) 538-6486						
Can we attribute the document to your agency? <input checked="" type="checkbox"/> Yes, you can include our agency name when posting <input type="checkbox"/> No, please post the document anonymously							
Can we include staff name and contact information with the documentation? <input checked="" type="checkbox"/> Yes, you can include staff contact information <input type="checkbox"/> No, please do not include staff contact information							

Thank you for submitting your health agency's documentation to the Accreditation Library. We appreciate your contribution to this resource, and we look forward to continuing to provide you with assistance in your accreditation work.

The following are PHAB's policies for all submitted documentation¹:

- a. No draft documents will be accepted for review by PHAB.
- b. All documentation must be in effect and in use at the time that they are submitted to PHAB.
- c. Documents must be submitted to PHAB electronically. Hard copies of documents must be scanned into an electronic format for submission. PHAB will not accept hard copies of any documentation, either with documentation submission or at the site visit. In order for documentation to be considered by site visitors it must be in an electronic format and included in the health department's record of documentation in the e-PHAB system.
- d. A PDF version of all documentation is preferred. If a document is not a PDF, it should be in a commonly used program such as Word, Excel, or PowerPoint. Documents created using health department specific software, special graphics, or other program not commonly used, will not be accepted.
- e. In many cases, a measure is demonstrated only once, at a central point in the health department. Examples of these types of documentation requirements include department-wide policies (such as human resource policies), procedures, and plans. In these cases the requirement is for a specific, central document, rather than for examples.
- f. Where documentation requires examples, health departments must submit two examples, unless otherwise noted in the list of required documentation or the guidance.
- g. Health departments are encouraged to provide narrative that describes how the submitted document relates to and meets the requirement. Text boxes will be provided by e-PHAB for health departments to include descriptions and explanations.
- h. Health departments must comply with e-PHAB electronic submission requirements and processes.

¹ PHAB requirements as listed in National Public Health Department Accreditation Documentation Guidance, page 2: <http://www.phaboard.org/wp-content/uploads/National-Public-Health-Department-Accreditation-Documents-Version-1.0.pdf>

Utah Monthly Communicable Disease Report

March 2016

Background: The Utah Department of Health collects data on over 75 communicable diseases that affect the residents of Utah. These data are monitored by epidemiologists to detect changes in disease activity, and guide prevention and education efforts. More information can be found at <http://health.utah.gov/epi/>.

Note: Individual disease investigations take time to complete; for this reason, data in this report should be considered provisional and will change as more complete reports are received.

Current counts of selected reportable diseases,* compared to an historical 5-year average, March 2016

Disease/Condition	Mar 2016	5-yr Mar avg [†]	2016 YTD [‡]	5-yr YTD avg ^{†,‡}
<i>Acinetobacter</i> species with resistance or intermediate resistance to carbapenems	0	1.6	2	6.0
Arbovirus infection (not including West Nile, Dengue, or Yellow Fever)	0	0.0	0	0.0
Babesiosis	0	0.0	0	0.0
Botulism, total	0	0.6	1	0.8
foodborne	0	0.0	0	0.0
infant	0	0.6	1	0.8
other (wound/unspecified)	0	0.0	0	0.0
Brucellosis	0	0.0	0	0.2
Campylobacteriosis	18	31.4	73	80.8
Chickenpox	21	35.8	88	95.6
Chlamydia	801	663.0	2,390	1,958.2
Cholera	0	0.0	0	0.0
Coccidioidomycosis	1	4.8	1	14.0
Colorado tick fever	0	0.0	0	0.0
Creutzfeldt-Jakob disease and other transmissible human spongiform encephalopathies	1	0.4	2	1.2
Cryptosporidiosis	10	6.2	29	20.0
Cyclosporiasis	1	0.0	1	0.0
Dengue	0	0.2	2	0.2
Ehrlichiosis/Anaplasmosis	0	0.0	0	0.0
Encephalitis	0	0.0	0	0.4
<i>Escherichia coli</i> species with resistance or intermediate resistance to carbapenems	0	0.0	0	0.2
Giardiasis	7	14.8	23	47.0
Gonorrhea	181	59.0	489	193.4
HIV infection	9	8.6	31	28.8
<i>Haemophilus influenzae</i> , all ages, invasive disease	2	2.4	8	9.4
nonserotype B, age < 5 years	1	0.0	1	0.2
serotype B, age < 5 years	0	0.0	0	0.0
unknown serotype, age < 5 years	0	0.0	0	0.0
Hansen's disease (Leprosy)	0	0.2	0	0.2
Hantavirus pulmonary syndrome	0	0.4	0	0.4
Hemolytic uremic syndrome, post-diarrheal	0	0.4	0	0.6
Hepatitis A	0	1.0	2	1.4
Hepatitis B, acute	0	0.0	0	2.6
Hepatitis B, chronic	21	22.4	62	67.0
Hepatitis C, acute	1	1.4	3	4.4
Hepatitis C, chronic	120	118.4	307	349.4
Hepatitis, other viral	0	0.2	0	0.2
Influenza-associated hospitalization [§]	459	87.0	968	439.2
Influenza-associated pediatric mortality [§]	0	0.0	0	1.6
<i>Klebsiella</i> species with resistance or intermediate resistance to carbapenems	0	0.4	0	1.0
Legionellosis	0	1.0	1	5.8
Leptospirosis	0	0.0	0	0.2
Listeriosis	0	0.6	1	1.2
Lyme disease	1	0.4	1	1.8

*Anthrax, Chancroid, Diphtheria, Poliomyelitis (paralytic & nonparalytic), Psittacosis, Rabies (human), Rubella (congenital), Severe Acute Respiratory Syndrome (SARS), Smallpox, Syphilis (congenital), Tetanus, Vancomycin-resistant Staphylococcus aureus (VRSA), Viral hemorrhagic fevers, and Yellow fever are not included in this report as there have been no cases reported in the state of Utah in the last five years.

[†]Averages are susceptible to skewing due to outbreaks and should be interpreted with care.

[‡]YTD indicates counts are year-to-date.

[§]Influenza is best assessed seasonally. Weekly updates are available at <http://health.utah.gov/epi/diseases/influenza/surveillance/index.html>.
