

**Cover Sheet for Example Documentation
for PHAB Domain 3 Standard 1 Measure 1**

The following documentation has been submitted to ASTHO for the Accreditation Library as a potential example of Health Department documentation that might meet the PHAB Standard and Measure 3.1.1. This document is not intended to be a template, but is a reference as state health agencies develop and select accreditation documentation specific to the health department's activities.

Please note that the inclusion of documentation in this library does not indicate official approval or acceptance by PHAB.

Document Title:	Smoking and Diabetes Leads to Blindness Poster						
Document Date:	8/1/2012						
Version of Standards and Measures Used: 1.0							
Related PHAB Standard and Measure Number							
Domain:	3	Standard:	1	Measure:	1	Required Documentation:	1
<p>Short description of how this document meets the Standard and Measure's requirements: This poster documents one example of information shared with the public to address a health risk behavior. The purpose of the poster is to inform people with diabetes about the risks of smoking and reduce smoking among people with diabetes. Smoking rates among this target population are higher than the general population. Blindness is documented by several sources as a stronger incentive to quit smoking than death. The poster takes into consideration health literacy and uses understandable language.</p>							
Submitting Agency:	Missouri Department of Health and Senior Services						

Don't Lose Sight of Tomorrow

Smoking and Diabetes
leads to blindness.

Diabetes is a leading cause of blindness.

Smoking increases two of the most common causes of blindness.

Avoid blindness.
Quit smoking
before it's too late.
