2020 ASTHO Leadership Meeting and Health Equity Summit

The Association of State and Territorial Health Officials (ASTHO) is hosting the *National Health Equity Leadership Summit: Advancing Policy and Practice* in partnership with the Centers for Disease Control and Prevention, Office of Minority Health and Health Equity (CDC/OMHHE) and the Robert Wood Johnson Foundation (RWJF). The meeting will be held on May 20-22, 2020, at the Emory Hotel and Conference Center in Atlanta, GA.

The National Health Equity Leadership Summit will bring federal, state, local and tribal leaders together to highlight strategies to advance health equity and to showcase solutions that support the [ASTHO Challenge to Build Healthy and Resilient Communities](https://www.astho.org/). This meeting will include workshops, microlearnings, plenary and breakout sessions. There will also be networking opportunities for you to connect with colleagues from across the country.

**Meeting Objectives**

- Provide a forum for public health leaders to share knowledge and best practices around reducing disparities and promoting health equity and social justice.
- Teach attendees innovative strategies on how to develop organizational infrastructure to support change, build leadership skills in health equity, and transform organizational practices.
- Highlight effective strategies to advance health equity during break-out sessions framed around the ASTHO strategic priorities: leadership, capacity building, and policy.
