ARIZONA

Agency Mission
To promote, protect, and improve the health and wellness of individuals and communities in Arizona.

Top Four Priorities
1. Aligning agency resources to achieve targeted health outcomes
2. Promoting and supporting public health and safety
3. Making focused improvements in public health infrastructure
4. Maximizing agency effectiveness

Structure and Relationship with Local Health Departments
The state/territorial health agency is a freestanding/independent agency and has a decentralized relationship with local health departments.

- Independent local health agencies (led by staff employed by local government)
- State-run local health agencies (led by staff employed by state government)
- Independent regional or district offices (led by non-state employees)
- State-run regional or district offices (led by state employees)

Organizational Structure
The health official reports directly to the governor. The state does not have a board of health.

Planning and Accreditation
The state/territorial health agency has developed the following within the past five years:
- Health Assessment
- Health Improvement Plan
- Strategic Plan

The state/territorial agency has submitted an application for accreditation.
