INDIANA STATE DEPARTMENT OF HEALTH

INDIANA

Agency Mission
To promote and provide essential public health services.

Top Five Priorities
1. Decrease disease incidence and burden
2. Improve response and preparedness networks and capabilities
3. Reduce administrative costs by improving efficiencies
4. Recruit, evaluate, and retain public health workforce
5. Use information and electronic data to develop outcome driven programs

Structure and Relationship with Local Health Departments
The state/territorial health agency is a freestanding/independent agency and has a decentralized relationship with local health departments.

- Independent local health agencies (led by staff employed by local government) 93
- State-run local health agencies (led by staff employed by state government) 0
- Independent regional or district offices (led by non-state employees) 0
- State-run regional or district offices (led by state employees) 0

Organizational Structure
The health official does not report directly to the governor. The state does not have a board of health.

Planning and Accreditation
The state/territorial health agency has developed the following within the past five years:

- Health Assessment
- Health Improvement Plan
- Strategic Plan

The state/territorial agency plans to apply for accreditation, but has not yet registered in e-PHAB.

Agency Workforce
The state/territorial health agency has 741 FTEs, including 200 state/territorial workers assigned to local/regional offices.
