

## Access to Health Care

The essence of Smart Growth is the promotion of wellness by re-tooling cities to promote healthy living. The heart of this venture should be the access to preventative as well as emergency medical care.

### Case Studies

- [Design for Health](#)
  - A collaborative project between the University of Minnesota, Cornell University, and the University of Colorado that serves to bridge the gap between the emerging research base on community design, healthy living, and the everyday realities of local government planning.
  - Has a very comprehensive healthcare access section.

### Other Resources

- [HRSA – Find a Health Center](#)
  - This site allows you to enter a zip code and find all the health care centers in the area from free clinics to hospitals.
