

# TA Call Series Agenda

## Leveraging Innovations in Health Information Technology to Advance Public Health: How are states using data to inform policies, programs, and action?

### Delivery and Payment Reform Technical Assistance Call Series

**Date:** Monday, June 29

**Time:** 1-2:30pm EDT

**Objective(s):** a) highlight examples of public health's role in leveraging advancements in health information technology (HIT) as part of the State Innovation Models (SIM) initiative or other delivery transformation efforts (b) discuss challenges and potential HIT solutions and/or opportunities to become involved in this work and what public health can contribute to HIT work in SIM and non-SIM states.
