

**“Check it. Change it. Control it. Your Heart Depends on it.”**  
**Practice Team Survey**

**Questions regarding overall pilot project**

1. Describe your experience using the patient education materials in practice.
2. Were there any best practices or challenges that you discovered during the course of the pilot period?

**Questions regarding patient education materials**

3. Do you plan to continue using the patient materials after the pilot has concluded? If your answer is yes, what components do you plan to distribute to your patients (folder, tip sheets, brochure, all resources)?
4. Does your practice have a way to download patient education materials electronically for onsite patient handouts?
5. Would you be willing to reprint these materials at your own cost?
6. Did you use these materials as a helpful tool to discuss hypertension and high cholesterol with your patient? If so, how?
7. Did the materials help you to strengthen your relationship with your patient? If so, how?

**Questions regarding physician guideline/ resource materials**

8. Were the materials helpful in recommending culturally sensitive communication strategies? If so, how?
9. Did you use, or plan to use, the suggestions listed for discussing your patients' dietary or exercise regime? If so, how?
10. Would you recommend these materials to fellow family physicians? Please explain.
